As a starter, recap addition up to 10 playing the Topmarks game:

Practice adding using objects in your home, such as cereal, pasta, pencils, Lego bricks, shoes and hair bands! You can use absolutely anything in maths! Use these items to add two numbers together.

Complete the number sentences using the First, Then, Now layout. Here is an Example:

$$6 + 4 = ?$$

**First**, I started with 6 pieces of pasta.

**Then**, I added 4 more.

**Now** I have 10.

Answer:  $6 + 4 = 10$

1)  $3 + 5 = \underline{\quad}$

2)  $8 + 6 = \underline{\quad}$

3)  $7 + 4 = \underline{\quad}$

Topic  
(Seasons  
and  
weather)

Have a look outside. What is the weather like today? Can you describe the weather?

Is today...  
sunny  
sunny with a bit of cloud  
a bit cloudy  
light rain  
heavy rain  
thunder and lightning  
a bit foggy  
cloud and snow  
a bit windy  
rather cold and frosty

Can you name the four seasons? We began school in autumn, can you remember what season we are in now?

You might like to watch this clip of the potatoes celebrating the four seasons and the exciting things that come with each one.

If you were to go outside today, what would you wear? Go and find these items of clothing in your house. Talk with someone in your home about why you've chosen these items and why they are suitable for the season. If you're able, we'd love to see what you choose to wear so please send us a video or photo via ClassDojo.
